UNDER THE HOOD

A 1.4-litre petrol-powered Booster Jet Turbocharged engine gives the new Suzuki Swift Sport the pace it needs to match its name and exceptionally agile handling qualities.

It's not all about power though, it's about making more while using less. Efficiency is the name of the game, and this new hatch of yours has it in leaps and bounds.

SWIFT HANDLING

16-inch alloy wheels

The new Swift Sport comes with these sporty two-tone 16-inch alloy wheels. Crafted with a new construction technique that enables lighter yet stronger rims to match with the Swift Sport's performance needs. All Suzuki Swift Sports come with ventilated front disc brakes and solid rear disc brakes.

HEARTECT PLATFORM

The new Swift Sport adopts the new-generation platform HEARTECT to strengthen underbody rigidity, enhance collision safety and heighten driving performance.
